## Year 4 Maths Targets - Pupil Asset order

|  | Foundational and Conceptual <br> Achievement Statements | I am <br> working <br> towards <br> ARE | I am at <br> ARE | I am <br> working at <br> greater <br> depth |
| :--- | :--- | :--- | :--- | :--- |
| 4F1 | I can name, order and compare numbers above <br> 1000 |  |  |  |
| 4F2 | I can read and write Roman numerals from 1 to 100 <br> (I to C) |  |  |  |
| 4F3 | I can add multiple of 10, 100 or 1,000 to any <br> number up to 9,000 mentally |  |  |  |
| 4F4 | I can count backwards through zero to include <br> negative numbers |  |  |  |
| 4F5 | I can round any number to 10,100 or 1,000 |  |  |  |
| 4F6 | I can count in multiples of 6, 7, 9, 25 and 1 000 |  |  |  |
| 4F7 | I can recognise the place value of each digit in any <br> 4-digit number |  |  |  |
| 4C1 | I can explain, using place value knowledge, the <br> effect of dividing any number by 10 and 100 on the <br> number and the digits in the number |  |  |  |
| 4C2 | I can estimate the answer to, and solve, number <br> and practical problems that involve making <br> decisions about applying number facts, place <br> value, rounding and estimation with numbers <br> greater than 1,000 |  |  |  |
| 4C3 | I can check my answers using estimates and by <br> applying inverse operations |  |  |  |
| 4C4 | I can explain how the number system has changed <br> over time to include the concept of zero and place <br> value |  |  |  |
| 4F8 | I can use column addition and column subtraction <br> to add and subtract numbers with up to 4-digits |  |  |  |
| 4C5 | I can solve addition and subtraction two-step <br> problems in contexts, deciding which operations <br> and methods to use and explain why |  |  |  |
| 4F9 | I can multiply or divide 2-digit and 3-digit <br> numbers by a 1-digit number using efficient <br> written methods |  |  |  |
| 4F10 | I can recall and use multiplication and division <br> facts for multiplication tables up to 12 x 12 |  |  |  |

## Year 4 Maths Targets - Pupil Asset order

| 4F11 | I can use place value, known and derived facts to <br> multiply and divide mentally, including: multiplying <br> together three numbers |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
| 4F12 | I can use place value, know and derived facts to <br> multiply and divide mentally, including: doubling <br> and halving any number |  |  |  |
| 4F13 | I can use place value, known and derived facts to <br> multiply and divide mentally, including: multiplying <br> by 0 and 1 |  |  |  |
| 4F14 | I can use place value, known and derived facts to <br> multiply and divide mentally, including: dividing by <br> 1 |  |  |  |
| 4C6 | I can estimate the answer to, and solve problems, <br> involving multiplying and adding, including the <br> distributive law and harder multiplication problems <br> such as 'which n objects are connected to which m <br> objects' (Harder multiplications include 2-digit $x$ <br> 2-digit and 2-digit $x$ |  |  |  |
| 4F15-digit problems) | I can recognise, show and name, using diagrams, <br> families of common equivalent fractions including <br> tenths and hundredths |  |  |  |
| 4F16 | I can count up and down in hundredths |  |  |  |
| 4F17 | I can recognise and write decimal equivalents of <br> n/10 and n/100 |  |  |  |
| 4F18 | I can recognise and write decimal equivalents of <br> $\frac{1}{4}, \frac{1}{2}$ and $\frac{3}{4}$ |  |  |  |
| 4C7 | I can estimate the answer to, and solve simple <br> measure and money problems involving fractions <br> and decimals to 2 decimal places | I can recognise that hundredths arise when <br> dividing an object by a hundred and dividing <br> tenths by ten | I can solve problems involving increasingly harder <br> fractions to include non-unit fractions where the <br> answer is not a whole number |  |
| 4F19 | I can read, write, compare and order numbers <br> with the same number of decimal places up to <br> two decimal places |  |  |  |
| 4C8 | IC9 |  |  |  |
|  |  |  |  |  |

## Year 4 Maths Targets - Pupil Asset order

| 4C10 | I can round decimals with one decimal place to the <br> nearest whole number |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
| 4F24 | I can compare and classify geometric shapes, <br> including quadrilaterals and triangles based on <br> their properties and sizes |  |  |  |
| 4F25 | I can identify acute and obtuse angles and order <br> angles by size up to two right angles |  |  |  |
| 4C18 | I can identify lines of symmetry in 2-D shapes <br> presented in different orientations, and complete <br> symmetry diagrams for specific lines of symmetry |  |  |  |
| 4C19 | I can plot specified points and draw sides to <br> complete a given polygon |  |  |  |
| 4F26 | I can calculate the angle of turn associated <br> with movement between any of the eight <br> compass points |  |  |  |
| 4C16 | I can describe positons, and movements between <br> positions, on a 2-D grid, and as coordinates in the <br> first quadrant |  |  |  |
| 4C17 | I can describe movements between positions as <br> translations of a given unit to the left/right and <br> up/down |  |  |  |
| 4F20 | I can read, write and convert time between <br> analogue and digital 12 hour clocks |  |  |  |
| 4F21 | I can read, write and convert time between <br> analogue and digital 12 and 24 hour clocks |  |  |  |
| 4F22 | I can convert between different units of measure <br> for length, mass, capacity and time |  |  |  |
| 4F23 | I can measure and calculate the perimeter of a <br> rectangular figure (including squares) in <br> centimetres and metres | I can identify, represent and estimate numbers <br> using different representations - for example <br> numbers used within different measurement scales <br> such as time, temperature an weight |  |  |
| 4C11 |  |  |  |  |

## Year 4 Maths Targets - Pupil Asset order

| $4 C 12$ | I can estimate and find the area of squares, <br> rectangles and related composite shapes by <br> counting standard units, including centimetre <br> squared (cm2) and metre squared (m2) |  |  |  |
| :--- | :--- | :--- | :--- | :--- |
| 4 C13 | I can estimate, compare and calculate with <br> measures of length, mass and capacity |  |  |  |
| 4 C14 | I can estimate, compare and calculate with <br> measures of time (including the 12 and 24 hour <br> clock) |  |  |  |
| 4 4C15 | I can solve problems including converting from <br> hours to minutes; minutes to second; years to <br> months; weeks to days |  |  |  |
| 4 C20 | I can solve comparison, sum and difference <br> problems using information presented in bar <br> charts, pictograms, tables and simple line graphs |  |  |  |
| 4 C21 | I can interpret and present discrete data using <br> bar charts |  |  |  |
| $4 C 22$ | I can interpret and present continuous data using <br> appropriate graphical methods e.g. time graphs |  |  |  |
