

## Barleyhurst Park Primary School

### COVID Catch - Up Report November 2020

Following the closure of schools due to the COVID -19 pandemic, the government issued an amount of catch-up funding to all schools to support with closing gaps in learning. The amount of funding allocated to each school is based on pupil numbers and is paid to schools over two financial years.

At Barleyhurst Park Primary School we have considered the age of our children when deciding how to allocate and spend this money. We have also used the government recommended, 'COVID-19 Support Guide for Schools' published by the Education Endowment Foundation (EEF) to identify the best strategies to enable us to achieve the best outcomes.

The school worked hard to support pupils to learn at home during the pandemic. However, for many pupils, the disruption caused by the closure of schools will have had a negative impact on many pupils learning and well-being. We are committed to overcome any barriers that may be presented to us and close any gaps in attainment to enable all pupils to fulfil their potential.

In the academic year 2020/21 Barleyhurst Park Primary School has been allocated total funding of £16,000

COVID Catch-Up Funding, academic year 2020-2021	
Sept 2020 – March 2021	£9,547
April 2021 – July 2021	£6,453
Total Funding	£16,000

Please see below for information regarding how the Catch-Up Funding will be spent in the academic year 2020/2021. This expenditure will also be supported by the main school budget.
