## 1. Aims

Our SEND Policy and Information Report aims to:

Set out how our school will support and make provision for pupils with special educational needs and Disabilities (SEND)

Explain the roles and responsibilities of everyone involved in providing for pupils with SEND.

## 2. Legislation and guidance

This policy and information report is based on the statutory **Special Educational Needs and Disability (SEND) Code of Practice** and the following legislation:

**Part 3 of the Children and Families Act 2014**, which sets out schools’ responsibilities for pupils with SEND and disabilities.

**The Special Educational Needs and Disability Regulations 2014**, which set out schools’ responsibilities for education, health and care (EHC) plans, SEND coordinators (SENDCos) and the SEND information report.

## 3. Definitions

A pupil has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

A significantly greater difficulty in learning than the majority of others of the same age, or

A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

## Barleyhurst Park Primary School

### 4. Roles and responsibilities.

#### 4.1 The SENDCo

The SENDCo is Mrs. K Wolfe and she will:

Work with the Headteacher and SEND Governor to determine the strategic development of the SEND policy and provision in the school

Have day-to-day responsibility for the operation of this SEND policy and the co-ordination of specific provision made to support individual pupils with SEND, including those who have EHC plans

Provide professional guidance to colleagues and work with staff, parents/carers, and other agencies to ensure that pupils with SEND receive appropriate support and high quality teaching

Advise on the graduated approach to providing SEND support

Advise on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively

Be the point of contact for external agencies, especially the local authority and its support services

Liaise with potential next providers of education to ensure pupils and their parents/carers are informed about options and a smooth transition is planned

Work with the Headteacher and governing board to ensure that the school meets its responsibilities under the Equality Act 2010 with regard to reasonable adjustments and access arrangements

Ensure the school keeps the records of all pupils with SEND up to date.

#### 4.2 The SEND Governor

The SEND Governor will:

Help to raise awareness of SEND issues at Governing Board meetings

Monitor the quality and effectiveness of SEND provision within the school and update the Governing Board on this

Work with the Headteacher and SENDCo to determine the strategic development of the SEND policy and provision in the school.

#### 4.3 The Headteacher

The Headteacher will:

Work with the SENDCo and SEND governor to determine the strategic development of the SEND policy and provision in the school

Have overall responsibility for the provision and progress of learners with SEND and/or a disability.

#### 4.4 Class teachers

Each class teacher is responsible for:

The progress and development of every pupil in their class

Working closely with any teaching assistants or specialist staff to plan and assess the impact of support and interventions and how they can be linked to classroom teaching

Working with the SENDCo to review each pupil's progress and development and decide on any changes to provision

Ensuring they follow this SEND policy.

## Barleyhurst Park Primary School

### 5. SEND information report.

#### 5.1 The kinds of SEND that are provided for

Our school currently provides additional and/or different provision for a range of needs, including:

Communication and interaction, for example, autistic spectrum disorder, speech and language difficulties,

Cognition and learning, for example, dyslexia, dyspraxia,

Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD),

Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy

Moderate/severe/profound and multiple learning difficulties.

#### 5.2 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment on entry, which will build on previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and identify those whose progress:

Is significantly slower than that of their peers starting from the same baseline

Fails to match or better the child's previous rate of progress

Fails to close the attainment gap between the child and their peers

Widens the attainment gap

This may include progress in areas other than attainment, for example, social needs.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

When deciding whether special educational provision is required, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

#### 5.3 Consulting and involving pupils and parents/carers:

We will have an early discussion with the pupil and their parents/carers when identifying whether they need special educational provision. These conversations will make sure that:

Everyone develops a good understanding of the pupil's areas of strength and difficulty

We take into account the parents/carers' concerns

Everyone understands the agreed outcomes sought for the child

Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and given to their parents/carers.

We will formally notify parents/carers when it is decided that a pupil will receive SEND support.

## Barleyhurst Park Primary School

### 5.4 Assessing and reviewing pupils' progress towards outcomes

At Barleyhurst Park Primary School we have adopted a whole-school approach to the SEND policy and practice. Pupils identified as having SEND are fully integrated into class. Every effort is made to ensure that they have full access to the National Curriculum and are integrated into all aspects of the school.

All teachers are responsible for identifying pupils with SEND and, in collaboration with the SENDCo, will ensure that those pupils requiring different or additional support are identified at an early stage. Assessment is the process by which pupils with SEND can be identified. Whether or not a pupil is making progress is seen as a significant factor in considering the need for SEND provision.

Early identification of special educational need is essential for appropriate provision to be made. The school uses appropriate screening and assessment tools, and ascertain pupil progress through:

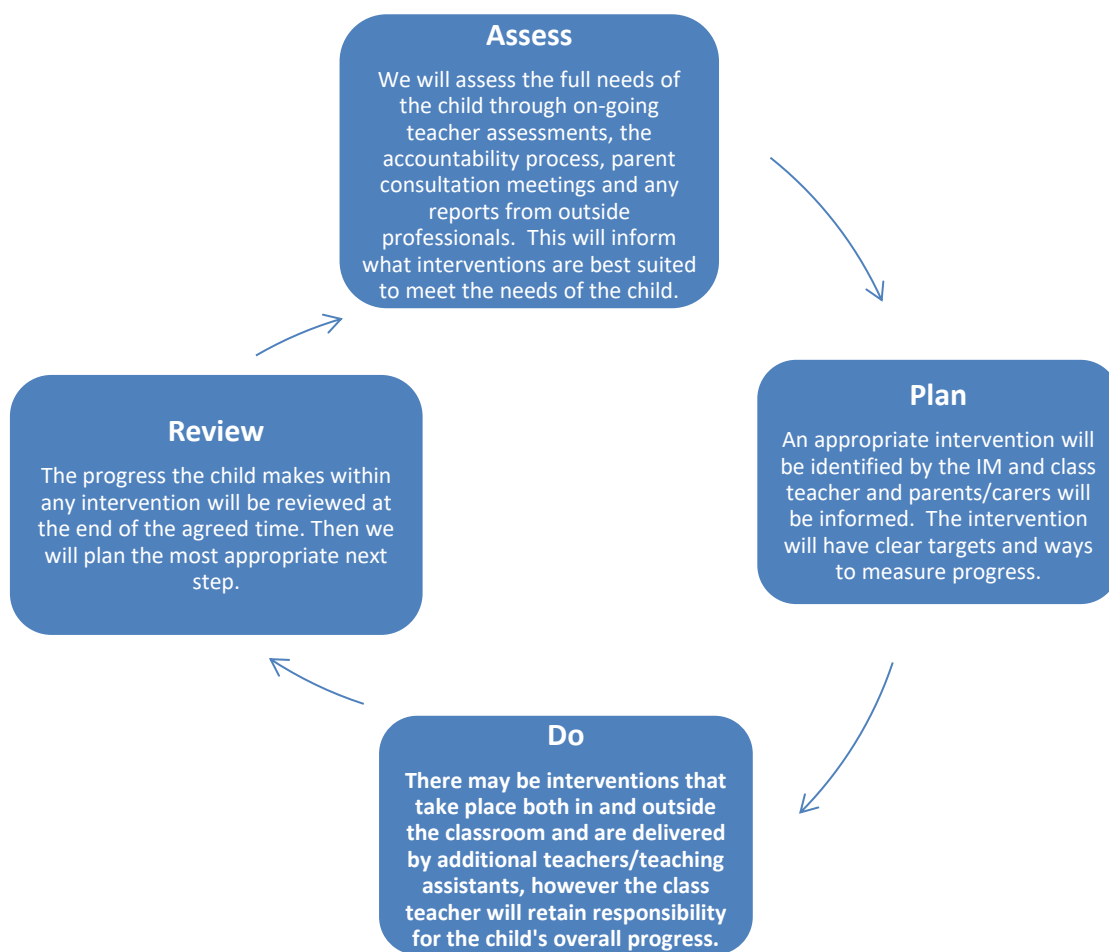

- Informal assessment of the child's response to the curriculum
- Their previous progress against the objectives specified in the English and Maths frameworks
- Their performance against The Early Learning Goals, National Curriculum levels or P levels through the LA set criteria
- Foundation Stage Profile
- Children's work
- The views of parents/carers and pupil's own views.
- Assessment calendar tasks
- Phonics Screening Test (Year One)
- End of Key Stage One and Two assessments
- Concerns expressed by others, e.g. parents/carers and outside agencies
- Observations of child's emotional and social behaviour
- Target Tracker
- Revised 'First Assess Communication!' Tool (FACT)
- If required, FACT Plus

The school follows the SEND *Code of Practice 2014: 0 to 25 years'* graduated response approach with regard to the identification, assessment and review of pupils with special educational needs. The four key actions are:

- |                |   |
|----------------|---|
| <b>Assess:</b> | the class teacher and SENDCo should clearly analyse a pupil's needs before identifying a child as needing SEND support using the FACT/FACT+ as guidance.  |
| <b>Plan:</b>   | parents/carers must be notified whenever it is decided that a pupil is to be provided with SEND support.  |
| <b>Do:</b>     | the class teacher should remain responsible for working with the child on a daily basis. Where the interventions involve group or 1:1 teaching away from the main teacher, he/she still retains responsibility for that pupil's learning. |
| <b>Review:</b> | the effectiveness of the support should be reviewed in line with the agreed date.   |

## Barleyhurst Park Primary School

Pupils receive a differentiated or personalised curriculum. Those who fail to make the expected progress are initially identified by class teachers who fill out the Milton Keynes FACT (First Assess Communication Tool!)

Results of this are shared with the SENDCo and appropriate intervention/support is put in place. The school has a system whereby any member of staff can raise concerns/issues with the class teacher, SENDCo or Headteacher about a child with a potential SEND or other barrier to learning.

We involve parents/carers and the young person in question as soon as we feel a pupil may have a barrier to learning.

In Barleyhurst Park Primary School, we use a range of assessment data e.g. relevant family/medical history, Foundation Stage Profiles, Pre Key Stage Standards, Teacher Assessments, Screening Tests, End of Key Stage Tests, ASP, Phonics Screening Test, etc. A range of diagnostic tests are used as appropriate.

Pupils who fail to make expected progress on the basis of accumulated evidence and appropriate use of intervention with little improvement are placed on an Additional Needs Register. Parents/carers are consulted before this decision is made.

## Barleyhurst Park Primary School

### 5.5 Supporting pupils moving between phases

We will share information with the school the pupil is moving to. We will agree with parents/carers and pupils which information will be shared as part of this. In addition all pupils have an induction session at their new school.

The SENDCo and class teacher also liaise with local preschools who may flag up concerns.

### 5.6 Our approach to teaching pupils with SEND

Teachers are responsible and accountable for the progress and development of all the pupils in their class.

High quality teaching is our first step in responding to pupils who have SEND. This will be differentiated for individual pupils.

We will also provide the following interventions:

#### STAMP

- An intervention program that extends the cognitive-behavioral approach to 5 to 7 old children on the ASD spectrum. The programme uses games and activities that teach various skills and concepts

#### Communication Cookbook

- An intervention focusing on the five essential 'ingredients' that support children's communication skills (4-6 years)

#### LIP

- An intervention which was designed to support children who start school with little pre-school experience or children who have English as a second language

#### Lego therapy

- A social development program which helps children with autism spectrum disorders and related social communication difficulties. The program is based on the highly structured, systematic and predictable nature of Lego play which makes it appealing to children with social communication difficulties who are particularly attracted to system

#### Starving the anger gremlin

- A therapy that is designed to support children who have difficulties managing their emotions successfully, which hopefully stops extreme verbal and physical behaviours

#### Play dough therapy

- A therapy which uses 'play' to communicate, increase understanding, and resolves issues for individual children. There are many different types of play dough therapy. Some are child-centered (where the child directs the session) and some are directive and activity focused

#### School start

- A program developing language and sound skills in Foundation Stage pupils

#### Numicon

- An intervention that involves a multi-sensory approach to number representation, maximizing children's opportunities to blend action and imagery with their use of mathematical language and symbols

## Barleyhurst Park Primary School

### Starving the anxiety gremlin

- Starving the anxiety gremlin is a therapy that is designed to support children who have difficulties managing their emotions successfully, which hopefully stops extreme anxiety levels

### TEECH

- It is an approach which tries to respond to the needs of ASD pupils using the best available approaches and methods. Pupils use visual props to aid their independence when completing a task

### 5.7 Adaptations to the curriculum and learning environment

We make the following adaptations to ensure all pupils' needs are met:

- Differentiating our curriculum to ensure all pupils are able to access it, for example, by grouping, 1:1 work, teaching style, content of the lesson, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.

### 5.8 Additional support for learning

We have teaching assistants who are trained to deliver interventions.

Most of the above interventions are led by our one HLTA and two level 3 TAs

Teaching assistants will support pupils on a 1:1 basis according to individual IEP or EHC plans

Teaching assistants will support pupils in small groups when a teacher deems it necessary

- We work with the following agencies to provide support for pupils with SEND:
  - Inclusion and intervention team-local authority
  - Speech and Language therapy services
  - Physiotherapy and Occupational therapy
  - Educational psychology

We support the whole child at Barleyhurst Park Primary School. We offer our experience and expertise to support 'home life'. We recommend websites, charities and networks which may support the child and parents/carers. We also create resources which we may help a child at home.

### 5.9 Expertise and training of staff

Our SENDCo has 6 years' experience in this role.

They are allocated 1 day a week to manage SEND provision.

We have a team of **13** teaching assistants who receive training on a regular basis.

### 5.10 Evaluating the effectiveness of SEND provision

We evaluate the effectiveness of provision for pupils with SEND by:

- Reviewing pupils' individual progress towards their goals each term
- Reviewing the impact of interventions half termly

## Barleyhurst Park Primary School

- Monitoring by the SENDCo
- Using provision maps to measure progress
- Holding annual reviews for pupils with statements of SEND or EHC plans.

### 5.11 Enabling pupils with SEND to engage in activities available to those in the school who do not have SEND

All our extra-curricular activities and school visits are available to all our pupils, including our before and after school clubs.

All pupils are encouraged to take part in sports day and special workshops.

No pupil is ever excluded from taking part in these activities because of their SEND or disability.

We have a zero-tolerance approach to bullying.

### 5.12 Working with other agencies and Parents/Carers

The school can request support and advice from outside agencies for any child that a class teacher is concerned about. Parents/carers are always informed of involvement with outside agencies as parental consent is required.

- If required the Inclusion and Intervention Team become involved to offer advice, materials or support teachers and teaching assistants in relevant training associated with the individual need. For children with an EHCP, the Inclusion and Intervention Team are called upon at various points to offer advice and support.
- Speech and Language Therapy Services provide support to children with speech, language or communication difficulties. They can be contacted by the SENDCo if needed, to discuss possible interventions and support. Children who attend the nursery class are required to attend drop in clinics at Milton Keynes Hospital with parents/carers.
- Physiotherapy and Occupational Therapy are provided by Health Services when supported by an EHCP. Parents can request assessments through their GP.
- The Educational Psychology Team can be bought in as and when needed, at a cost of £540 per day. However, if school requests an EHCP for a child, they will become involved as part of the process.

#### Parent and School Partnership

- Barleyhurst Park Primary School firmly believes in developing a strong partnership with parents/carers and that this will enable children with SEND to achieve their potential. The school recognises that parents/carers have a unique overview of the child's needs and how best to support them, and that this gives them a key role in the partnership.

### 5.13 Complaints about SEND provision

Complaints about SEND provision in our school should be made to the SENDCo in the first instance. They will then be referred to the school's complaints policy.

The parents/carers of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

## **Barleyhurst Park Primary School**

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

### **6. Monitoring arrangements**

This policy and information report will be reviewed annually. It will also be updated if any changes to the information are made during the year.

It will be approved by the Governing Board.

### **7. Links with other policies and documents**

This policy links to our policies on:

Accessibility plan

Behaviour

Equality information and objectives

Supporting pupils with medical conditions
