

## Summer newsletter June 2021

### Year 3, Monkeys

Welcome back to our final half term of Year 3, I can't believe how quickly the time has passed!

I hope you all had an enjoyable half term holiday together particularly as the sun decided to give us some wonderful weather to enjoy too.

We have one half term left to cover quite a few units of work so the children will be busy in school until July!

### Maths and English

After lots of book studies this year, which the children have thoroughly enjoyed, we will be moving on to some punctuation and grammar work at the start of this term. It is so important that we introduce and consolidate this aspect of the Year 3 curriculum with the children to ensure that they are fully prepared for Year 4. We did lots of work on nouns, verbs and adjectives on Google Classroom so most children already have a good baseline understanding of the parts of a sentence.

We had a wonderful half term looking at the Stone age period of our history before the holiday - I hope the children's families enjoyed the stone age house which arrived at home! Our next focus moves us onto the bronze and iron age which I'm sure the children will enjoy just as much. This class are really artistic and I have always been so impressed with what they produce in art based topic lessons.

The children are working super hard to receive their pen licences at the moment in class and I am very impressed with their efforts to join their handwriting. More children are becoming confident with joining in all writing now and extra practise when they are completing homework tasks would be beneficial!

So far our pen licences have been awarded to:

Kacie

Lojith

Sidarth

Ethan

There will be more handed out this week!

Please remember that although parents are still not allowed on site, we are always available to discuss any questions or concerns you may have. I look forward to another fun half-term with my Monkey class!
